

# puzzles in biology

## putting the pieces together

**Registration before  
August 25th, 2009**

### Confirmed speakers

#### **Martin Ackermann**

Eidgenössische Technische Hochschule  
Zurich, Switzerland

#### **Peer Bork**

European Molecular Biology Laboratory  
Heidelberg, Germany

#### **Pierre Chambon**

Institut de Genetique et de Biologie Moleculaire et Cellulaire,  
Illkirch, France

#### **Ivan Dikic**

Goethe University Medical School  
Frankfurt, Germany

#### **Witold Filipowicz**

Friedrich Miescher Institute for Biomedical Research  
Basel, Switzerland

#### **Stefan W. Hell**

Max Planck Institute for Biophysical Chemistry  
Göttingen, Germany

#### **Ari Helenius**

Eidgenössische Technische Hochschule  
Zurich, Switzerland

#### **Konrad Hochedlinger**

Division of Medical Sciences, Harvard University  
Boston, USA

#### **Kim Nasmyth**

Department of Biochemistry, University of Oxford  
Oxford, United Kingdom

#### **Manolis Pasparakis**

Institute for Genetics, University of Cologne  
Cologne, Germany

#### **Leena Peltonen**

Wellcome Trust Sanger Institute, Hinxton  
Cambridge, United Kingdom

#### **Sheena Radford**

Institute of Molecular and Cellular Biology, University of Leeds  
Leeds, United Kingdom

#### **Beata Vertessy**

Hungarian Academy of Sciences  
Budapest, Hungary
